1 SageTex Examples

This is a small calculation: The sum of $1+2+\sqrt{3}=\sqrt{3}+3$. Here you can see a sin()-Function:

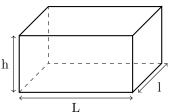

2 Geometry

Le cube

 $Volume = \dots \dots$

Le pavé droit (parallélépipède rectangle)

 $Volume = \dots$

Le prisme droit

 $Volume = \dots \dots$

Le cylindre

 $Volume = \dots \dots$

La pyramide

 $Volume = \dots \dots$

Le cône

 $Volume = \dots \dots \dots$

La sphère - La boule

 $Volume = \dots \dots \dots \dots$
